

Local Government Training

How a Home Energy Retrofit Program can help your city meet AB 32, AB 811 and Stimulus Funding Goals

When: April 2, 2009, 8:30am-3:30pm

Where: Oakland Federal Building, 1301 Clay Street, Oakland, CA

Cost: Free, lunch on your own

Attend this training and learn from several leading experts about the tools and programs available to help your community successfully implement a home energy retrofit program.

- **AB 32 Overview and Key Role Local Governments play in helping meet CA Greenhouse Gas Reduction Goals through Home Energy Retrofit Programs** – Dana Papke, California Air Resources Board
- **Who Performs a Retrofit and how are they Qualified?** – Bob Knight, California Building Performance Contractor's Association
- **What is a Comprehensive Home Energy Retrofit?** – Matt Golden, Sustainable Spaces
- **HERS II – California Energy Commission's new Tool to Measure a Home's Energy Performance** – Bill Pennington, California Energy Commission
- **Proposed Utility Home Energy Efficiency/Retrofit Programs and How they can Support a Local Government Program** – Michael Wheeler, California Public Utility Commission and Maril Pitcock, Pacific Gas and Electric.
- **Putting it all Together: How you can Develop and Fund a Successful Home Energy Retrofit Program** – Cisco Devries, Renewable Funding, Bruce Mast, Build-it-Green and Brian Gitt, Bevilacqua-Knight, Inc.,
- **Facilitated Discussion: Where do we go from here? How can local governments work together to take the next steps?** - Karen Kho, StopWaste.Org

Directions: Mapquest "Oakland Federal Building" in Oakland, CA (USGSA Public Building Svc). Take BART to 12th Street Oakland or Park in lot at 14th and Clay. Auditorium entrance is ½ block right of main entrance (glass rotunda), walk through breezeway between buildings, look for signs at door. If you arrive past 9:30am you will need to enter at the main entrance. Bring ID.
